

# LAGUNA HATCH & ESTATE

**ALL NEW LAGUNA.**  
**BEYOND ITS STUNNING GOOD LOOKS,**  
**THE ALL NEW LAGUNA BOASTS**  
**A SUPERIOR DRIVING EXPERIENCE THAT**  
**CAN ONLY BE DELIVERED BY A HOST OF**  
**INNOVATIVE AND INTUITIVE TECHNOLOGIES.**  
**BEAUTY AND INTELLECT ARE PERFECTLY**  
**COMBINED IN THE ALL NEW LAGUNA.**

Overseas model shown

A commanding profile, streamlined headlamps: New Laguna's design expresses its dynamic nature. Fluid lines reveal the character of a classic tourer, the embodiment of safety and performance. The Estate's style is original and expressive, featuring a sloping rear window and lengthened side windows. With New Laguna, driving pleasure begins with design.

# BEAUTIFUL THINKING

# FEEL EVERY SWEEPING CURVE

## **Precision**

The chassis and steering combine to optimise agility and responsiveness. A quest for perfection made real by highly accurate steering and excellent stability when cornering. New Laguna "sticks to the road". Precision and responsiveness are essential for driving pleasure.

# EXPERIENCE THRILLING PERFORMANCE

## 2.0 dCi engine

One of the most powerful in its class.

The 2.0 dCi 110kw engine offers a maximum torque of 340Nm, which is available even at high engine speeds.

A wide gear range ensures clean and continuous acceleration. Combined with the 6-speed manual gearbox, this engine offers pleasure, agility and vitality. The effortless gear change is outstanding.

The 2.0 dCi engine is also available with the new auto-adaptive 6-speed automatic gearbox. Choose from a completely automatic setting or a sequential manual mode for exceptionally smooth and quick gear changes.

**BREATHE IN EVERY  
WONDROUS DETAIL**

Overseas model shown

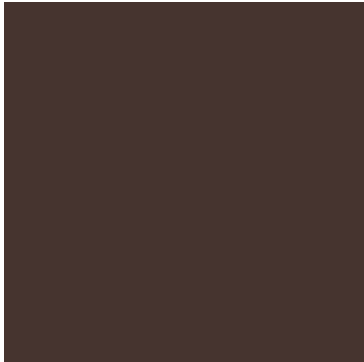

# RELAX IN A WORLD OF COMFORT

## **Upholstery**

The comfortable seats have a luxurious high quality finish, and are available in cloth, leather and Alcantara or leather upholstery. Side supports hold you securely in your seat, particularly when cornering, for a unique driving experience.

## **Centre console**

On the ergonomically designed centre console, the main controls are located close to hand for easy access.

## **Automatic parking brake**

Automatically disengages when you pull away, and engages when you stop.

A touch of a button in the centre console also allows you to control the brake manually.

## **Keyless car with Renault card**

allows you to lock and unlock the doors at the simple touch of a button.

With the card inserted in the reader, simply press the 'Start' button to start the engine.

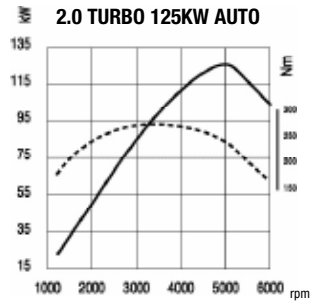

Overseas model shown

# ENGINES

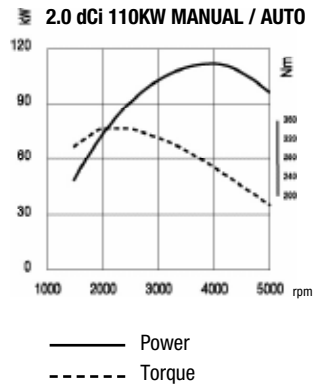

## 2.0 TURBO PETROL 125KW AUTOMATIC

With its dual entry turbo it guarantees increased torque at low speeds.

## 2.0 dCi 110KW MANUAL / AUTOMATIC

Offers the perfect balance between performance and consumption, and is exceptionally quiet.

## 6 SPEED AUTO-ADAPTIVE AUTOMATIC GEARBOX

Dynamic around town, quiet and with low fuel consumption on the open road. The driver can choose between completely automatic and semi-automatic settings.

## 6 SPEED MANUAL GEARBOX

Extremely precise, the 6-speed manual gearbox provides a dynamic driving experience. The sixth speed allows you to limit fuel consumption on the open road.

## ERGONOMICS

### 1. DISPLAY

For maximum comfort and safety, particular attention has been paid to the clarity of the information displayed on the dashboard.

### 2. STEERING WHEEL CONTROLS

You can control the main driving-related and audio functions without your hands leaving the steering wheel.

### 3. CRUISE CONTROL AND SPEED LIMITER

Activated by a button on the centre console, the cruise control and speed limiter are adjusted using the steering wheel controls.

### 4. CLIMATE CONTROL

The dual zone climate control allows the driver and front passenger to select the temperature they want to the nearest degree. In automatic mode, the system discretely controls all the settings. Soft, auto and fast modes allow you to control the speed of air circulation so you can create the perfect environment for you and your passengers.

A toxicity sensor automatically closes the air inlet when pollution is detected.

# THE LAGUNA EXPERIENCE

## 1. SEAT ADJUSTMENT

For made-to-measure comfort, a wide range of adjustments is available (electrical or manual depending on version); for example height, lumbar support and heating.

## 2. LUGGAGE COVER (ESTATE ONLY)

Retracts semi-automatically at the touch of a button.

## 3. STORAGE COMPARTMENTS

(ESTATE ONLY)

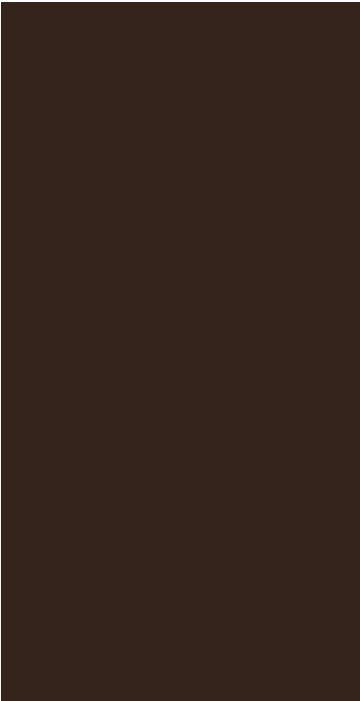

Everything is stored in the right place and held securely in separate compartments.

## 4. PANORAMIC SUN ROOF (OPTIONAL)

Two anti-UV glass panels for improved light levels inside. The forward panel opens in four different positions, the other is fixed.

## 5. FLEXIBILITY (ESTATE ONLY)

Simply pull one of the levers in the boot or by the side of the rear seats to fold the rear seats by 1/3, 2/3, or completely flat, to give maximum flat loading surface.

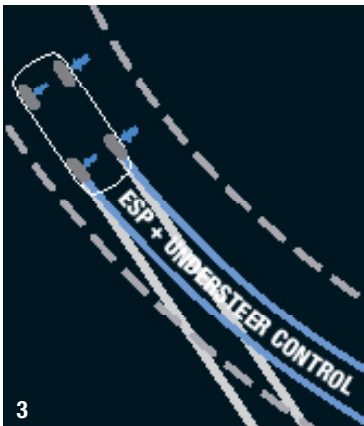

1

2

3

4

## SAFETY

### 1. XENON DIRECTIONAL HEADLAMPS (STANDARD ON PRIVILEGE AND OPTIONAL ON DYNAMIQUE)

They offer an intense light, closely resembling daylight, enhancing safety, tranquillity and comfort. They hug the curves of the road, optimising driver anticipation and control.

### 2. TYRE PRESSURE MONITOR (DYNAMIQUE & PRIVILEGE ONLY)

To help prevent flat tyres and reduce the risk of losing road grip.

### 3. CORRECTION

The ESP (Electronic Stability Programme) with understeer control corrects your trajectory in the event of a loss of traction.

### 4. 8 AIRBAGS STANDARD

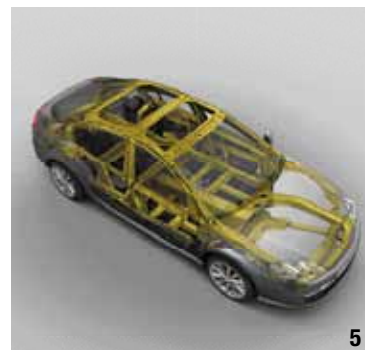

On top of 8 airbags as standard, the New Laguna is the first car in the world to be fitted with double side sensors capable of detecting impact and deploying the side airbags in half the time of the best systems currently available.

### EURONCAP

The New Laguna hatch has been awarded 5-star safety rating in the EuroNcap crash tests\*.

Laguna II was the first vehicle to secure a five-star rating in Euro NCAP crash tests in 2001 and with a total of 36 points from a possible 37 the New Laguna hatch recorded one of the highest scores ever achieved in EuroNCAP tests.

\*Euro NCAP (new car assessment programme) is an independent organisation.

5

### 5. BODY STRUCTURE

Extremely high-yield steel with vastly superior absorption capacity, provides the driver and passengers with an exceptional level of protection.

### 6. SEATBELTS

To reduce the stressful effects of an impact and help keep the body in the right place, the system uses a dual pretensioner in the front seats, a pretensioner with load limiter in the outer rear seats, and a load limiter in the central rear seat.

Overseas model shown

6

### 7 ANTI-WHPLASH HEADREST

With height and tilt adjustment, the headrests help lessen the risk of whiplash.

Overseas model shown

7

# STORAGE

## 1. GLOVE BOX

The glove compartment has a generous storage volume.

## 2. CLOSED STORAGE COMPARTMENT

This space allows the driver to store smaller items close to hand.

## 3. FRONT ARMREST COMPARTMENT

Yet more storage space in this easily accessible storage compartment.

## 4. LOWER CONSOLE COMPARTMENT

Accessible by the front passenger, this compartment includes a 12V socket / cigarette lighter in the lower part of the centre console.

## 5. MAP POCKETS

On the back of the front seats, the pockets allow documents, books and magazines to be stored away.

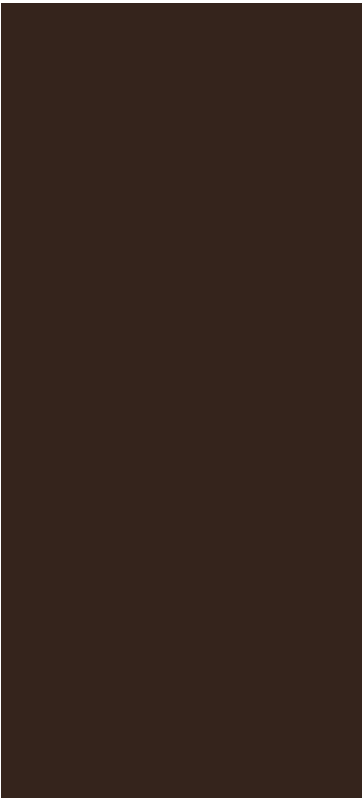

## 6. REAR ARMREST COMPARTMENT

The rear passengers can use this practical storage compartment to store toys, bottles, CDs. etc.

Overseas model shown

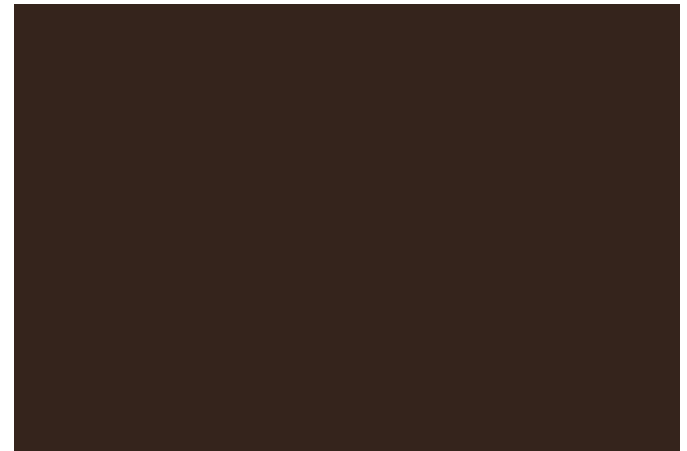

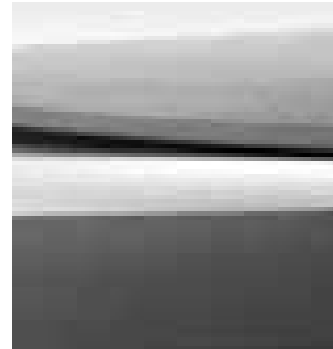

## EXPRESSION

New Laguna Expression, with its 'warp and weft' cloth upholstery (1), has a single CD AM/FM radio with fingertip controls, climate control, leather steering wheel and leather gear knob as standard. For 'made-to-measure' comfort, the height adjustable driver's seat and headrest can be positioned in a number of ways.

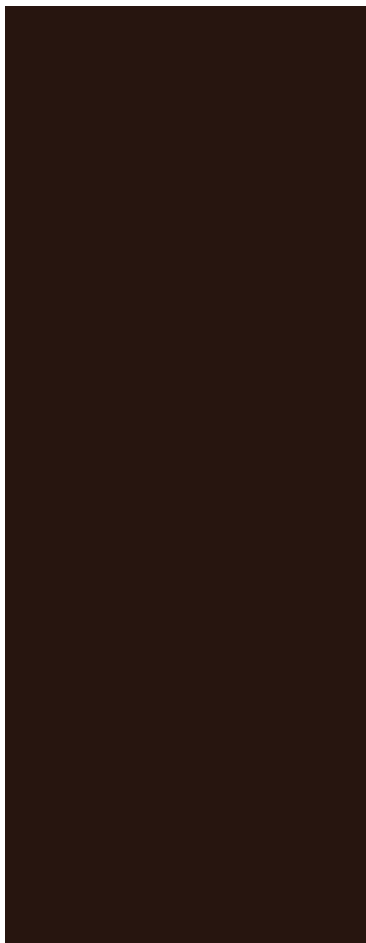

## DYNAMIQUE (ESTATE ONLY)

The interior conveys a modern, sporty elegance. Available with carbon trim, the upholstery combines leather with Alcantara (2). A chic interior enhanced by aluminium detailing.

## PRIVILEGE

Beige leather upholstery...  
the most luxurious version of  
New Laguna available. An elegance  
which goes hand in hand with  
high-precision technology, designed  
to simplify your driving.  
The quintessential Laguna.

## **RENAULT, THE ONLY CAR MANUFACTURER TO HAVE 12 VEHICLES AWARDED 5 STARS IN THE EURO NCAP CRASH TESTS**

Renault's passion for performance, style and safety is what drives us to create unique automotive concepts, ranging from practical and versatile people movers to high performance coupés and hot hatches. But there is one thing that they all share in common, and that is the race-bred technology that makes every Renault a pleasure to drive and own.

Our Formula 1 programme provides a perfect test bed for technological innovation and development, with many of the new materials and technologies developed to produce a winning race car finding their way into our road-going vehicles. Constant improvements in performance, handling and safety can be directly attributed to Renault's passion for racing and the transfer of skills between the Renault Technocentre and our Formula 1 team. Our goal is to create the ultimate Renault driving experience. Drive a Renault today and you'll understand what we're talking about.

## ECOLOGICAL ECONOMICAL

Renault's environmental policy is based on an understanding of the ecological challenges that our planet faces. This policy aims to make Renault one of the world's top three car makers for low level emissions of CO<sub>2</sub>.

Renault underlines its commitment to protecting the environment and so offers a range of vehicles that are both economical and ecologically sound.

- Ecologically sound through a commitment to reducing the environmental impact for the entire lifespan of the car. From the outset, each new project incorporates production processes, choice of materials, pollutant and CO<sub>2</sub> emissions, fuel consumption and recycling.

- Economical in terms of fuel consumption. Renault emphasises that the solution to many great ecological challenges lie in technological advancements that can be applied to the majority of vehicles whilst maintaining attractive pricing.
- Recycling – Renault strives to manufacture vehicles that are environmentally safer than ever before. One of Renault's strengths is its capacity to integrate the environment into every stage of a vehicle project right from the design phase until the end of its life cycle. Eco-design of current Renault vehicles enables 95% of their weight to have a second life. It also means that an increasing number of components are made of recycled plastics and renewable materials.

## FORMULA 1, A SCHOOL OF EXCELLENCE

Formula 1 is an extremely demanding sport. It teaches us that what really counts, besides performance, is the ability to construct reliable cars which won't let you down, despite being subjected to extreme physical conditions.

We have applied this philosophy not only to our racing cars. Because our commitment to Formula 1 has only one aim: to teach us how we can offer you reliable, safe, high-performance cars, upon which you can always rely.

## **SERVICE AND MAINTENANCE.**

HELPING YOU STAY PRODUCTIVE AND COMPETITIVE...

All Renault Laguna vehicles are covered by a 3 Year/Unlimited Kilometre New Vehicle Warranty and Renault 24 Hour Roadside Assistance Program.

With over 100 years experience as a motor vehicle manufacturer and as Europe's largest automotive brand the Renault service and maintenance network offers peace of mind for all new Renault owners.

Each of the approved and authorised Renault Dealerships across Australia have completed rigorous training programs in parts, service and maintenance.

They can maintain your new Renault at peak efficiency – in workshops equipped with the very latest technology and specialist tools. All Renault Dealerships can also supply you with parts, accessories, the latest Renault promotional merchandise and friendly, helpful advice.
